## **New England Water Works Association 2025 Corrosion Control Committee Report**

### Committee Mission:

To study and report on areas related to corrosion control through water treatment and to make recommendations to the Board of Directors on products, practices, legislation, and research concerning corrosion control.

### Accomplishments/Activities and New Initiatives During the Past Year (Sept. 2024-August 2025):

- Publications
  - LCRR Right to Know graphic in fall newsletter
- Corrosion Control Survey
  - Continued to recruit participants to share data in corrosion control survey
  - Coordinated with Program Committee to include announcement about survey at the Spring Conference
- Customer Sampling Video
  - Begin development of script and filming for a how-to video on how to conduct LCR sampling for customers
- NEWWA Spring Conference
  - Coordinated and ran a 2-hour session including two technical presentations and a 1-hour panel
- Other
  - Continued discussion on future regulatory implications regarding corrosion control

### Plans for 2026:

- Continue all programs outlined above
- Begin development of additional publications for NEWWA Journal and/or newsletter
- Consider development of LCRI roundtable/discussion in early winter
